AMERICAN ■ EUROPEAN PATENT Springer

THE ONLY WAY TO BIKE YOUR DOG

After clamp is attached to bike frame, spring assembly mounts and dismounts in seconds

Better Exercise & More Fun

- Springer makes it possible for your customers to enjoy biking and exercising their dog at the same time.
- Most dogs learn to run with Springer after just a few minutes.
- Springer is plated with two coats of nickel and an outer layer of chrome. This plating along with the sturdy construction, will keep your customers happy for years.

Safety Features

- Both Hands are free for the bikes handle bars.
- Springer's low mounted coil spring absorbs and reduces the dog's tugs and pulls, making it easier to keep balance.
- The dog is held gently but firmly in place beside bike, keeping the dog from interfering with the pedals or wheels.
- Springer is equipped with a "Safety Release" which allows the dog to break away instantly if it ends up on the wrong side of a tree, post, etc.

Easy Attachment

- Springer Attaches to most bicycles.
- Clamp attachment is easy with only an adjustable wrench and contact glue.
- Spring assembly is mounted or dismounted in seconds using no tools.
- A full set of instructions for attachment and dog training comes with each Springer.
